

OFFICE OF THE ASSISTANT DIRECTOR
(Finance & Administration)

Chair: Milton Peach
C.E.O./Director of Education: Bruce Vey, PhD

MEMO

To: District Employees
From: Larry Blanchard
Date: April 22, 2013
Subject: Personal vehicle travel reimbursement

In accordance with the District's travel policy, "DKCC - Travel: District Employees & School Board Trustees", the District recognizes that employees may be required as part of their roles and responsibilities to travel in order to conduct the business of the Board. The policy states that employees may be reimbursed for travel when using their private vehicle as a mode of travel.

The attached spreadsheet is provided to all employees to be used in the preparation of monthly claims for personal vehicle travel reimbursement. This spreadsheet contains the distance (in kilometres), between all Eastern School District sites (offices and schools). If you are claiming a distance which is significantly in excess of the stated distances, you must provide the reasoning behind the excess (for example, road closure, weather etc).

In addition, it is required that employees provide a description of travel stating the starting point and final destination. Normally, the starting point and final destination will be the employees' headquarters, however employees may be authorized to proceed directly from their home to a point of call other than headquarters, or return from a point of call directly to their home. Where the distance traveled is greater than the distance the employee would have traveled had they proceeded to the point of call directly from headquarters, the employee may claim mileage reimbursement for the difference between home and headquarters and home and point of call. If the starting point or final destination is your home, this must be stated in the description.

Please note that a sample of travel claims are selected for review by the Finance and Administration division each week. You may be contacted if distances claimed are in excess of the stated distances and/or if travel descriptions are insufficient to support the claim amount.

Thank you for your anticipated cooperation in this regard.

LAWRENCE (LARRY) M. BLANCHARD, CA
ASSISTANT DIRECTOR OF EDUCATION
(Finance and Administration)
