## Request to Reduce Tax Deductions at Source

Year

- Use this form to ask for reduced tax deductions at source for any deductions, credits, or non-refundable tax credits that are not part of the Form TD1, Personal Tax Credits Return.
- Before you send us your request, make sure that your income tax returns for the previous years are filed and all amounts owing are paid in full.
- You usually have to file this request every year. However, if from one year to the next, your deductible support payments stay the same or increase, you can make this request every two years. But you have to provide a separate form for each year.
- Send the filled out form with all supporting documents to your taxpayer services regional correspondence centre. You will find the address on page two. Incomplete forms may result in processing delays.
